UX Advanced Individual Training LLC marries user-centered design with cutting-edge technology solutions, enhancing federal capabilities in the digital and physical realms.

With a focus on AI Training, User Experience, and Conversation Design, we empower federal entities to harness the transformative potential of AI, optimizing operations and fostering innovation.

Past Performance

Developed **Atlas, an AI chatbot**, to showcase the capabilities of an expertly trained AI Assistant.

As a government contracting employee:

Directed \$50K-\$125K design projects from conception to implementation, including US Web Design System, e-commerce system for US House of Representatives, and a digital platform for storing and sharing AI R&D.

Beat aggressive 10-day deadline to provide design assets for a complete e-commerce site for US House of Representatives.
